

NOTES

1. You must use Real Weather to enjoy these flights.
2. Flights are VFR, but as weather closes in, immediately go up into the soup and IFR, then fly to any SAFE airport with ILS and LOG your hours.
3. Nav aids are only a guide and some are on cliffs. Stay low and over water for success.
4. 038-02-03, 04, 05, 06, 07, 11, 13, 16, 19, and 22 are difficult fjord flights.
